

Avanade identity discovery

Explore your IAM options and create your ideal identity strategy

Define your dream identity strategy

Take a modern approach to identity and access management across strategy and adoption that enables trust and resilience. Rapidly recognize value via our simple two-stage identity discovery process.

1. Analyze your current state IAM capabilities across:

- AD and Entra security and configuration, including external identities
- Public / private key configuration
- IGA integration and configuration
- PAM integration and configuration
- Gen AI for IAM
- Compliance and maturity for IAM controls

2. Future state identity strategy: Define your ideal target state and outcomes, including migration paths as well as areas for quick wins and medium/long-term opportunities to drive value and improve security and the employee and external identity experience.

Avanade is the partner to help you rapidly modernize your identity strategy

- Leading Microsoft Security partner and system integrator – **19x Microsoft GSI Partner of the year**
- **Gold Competency in Security** and recipient of all 4 Microsoft Security “Advanced Specializations”

- **10,800+** Microsoft Security certifications
- Microsoft’s SSE **solution launch partner**

Identity discovery framework

Leveraging decades of experience, we use a structured approach to helping you define your Microsoft IAM strategy.

Future of identity workshop	AD and Entra security assessment	Identity, governance and administration maturity review	Privileged access management maturity review	Public / private key infrastructure maturity review	Vendor consolidation mapping
AD and Entra resilience workshop	Maturity and compliance for IAM controls	Gen AI for IAM workshop	Zero trust network access maturity review	SSO / access management maturity review	Roadmap and ROI of consolidation, modernization

Future of identity workshop

Start with our free 1 - 2-hour workshop to help you understand the art-of-the-possible and take the first steps towards your future identity strategy.

Identity discovery

Analyze your current state and build a future state identity strategy and roadmap that defines a tangible, actionable long-term plan backed by quick wins.

Advanced identity quick start

Prove value quickly and streamline adoption, focusing on three key use cases per capability and working with a pilot group to measure impact and value. Includes migrations as part of consolidation.

Manage, defend, evolve for IAM

Evolve with end-to-end identity managed services that proactively increase defenses while continually onboarding apps and services to maximize coverage.
